Communicating Climate Change
Training Workshop

Day 1

8:30a – 9:00a	Coffee and check-in
9:00a – 9:15a	Opening Prayer: Warren Queton (OU Tribal Liason)
9:15a – 10:00a	Basics of Climate: global weather patterns, temperature and precipitation measurements of climate, climate normals and seasonality. Five minute break in here just to give a pause
10:00a – 11:00a	Weather Hazards and Hazard Climatology – extremes in Oklahoma and the Southern Great Plains, individual events vs. frequency, climatology of hazards.
11:00a – 11:15a	Break
11:15a – 12:00p	Climate Variability and Change: carbon cycle, time scale of greenhouse gases in the atmosphere, connections to local hazards
12:00p – 1:00p	Lunch (on your own)
1:00p – 2:00p	Climate Vulnerability: based on the vulnerability assessment introduction, but essentially building connections between climate and vulnerable areas in the community
2:00p – 2:15p	Break
2:15p – 3:30p	Facilitated Discussion – Climate Change and Vulnerability: working with them to identify areas that are possible vulnerable to climate change, and what aspects of the climate may have the greatest impact.
3:30p – 5:00p	Climate Outreach Activities: Free flowing round robin of 6(?) activities that participants can learn and bring back to their communities. Part of this can introduce the next day.

Day 2

8:30a – 9:00a	Coffee and check-in
9:00a – 10:00a	Special Topic: Communicating and Connecting with Audiences on Climate Change. Guest Speaker: Katherine Hayhoe (Texas Tech University) – via Skype
10:00a – 10:15a	Break
10:15a – 10:45a	Discussion on the Special Topic: Connecting the material from Day 1 to the main topic. Work with the participants on how they might form their message. Naturally leads to introducing the mock council meeting. Break into groups to select topics to discuss with the councils.
10:45a – 11:30a	Mock Council Meeting (Instructors Demo): Primarily to give the participants an example and introduce the topic and format for their practice after lunch. In this example one or two of the instructors may present to our council.
11:30a – 12:30p	Lunch (on your own)
12:30p – 2:30p	Mock Council Meeting (Participants): Participants will practice what they learned in the morning session with a presentation to our mock tribal council. I've gone for two hours right now, but we may need to change the length or figure out how to group participants for this.
2:30p – 3:00p	Wrap-Up Discussion: close out the workshop, answer questions, and provide information sources they can use to prepare talks with their councils.

Recommended Hotels	Hotel Website	Guest Rating (Google Reviews)	Distance to Meeting	Price/Night
